Jetpro Strengthens its European Footprint with New Representative Office in Italy

Tel-Aviv, Israel, November 4, 2008 - Jetro Platforms, a leading vendor of server-based application delivery and virtualization software solutions, today announced that it has signed a representative agreement with Valuetech Group S.R.L., a privately held business consulting firm based in Rome that specializes in Business Development on the Italian market. The move will support Jetro's ongoing expansion in Europe and enable the company to maintain closer contacts with its customers and potential buyers in Italy.

Italy was always an attractive market for Jetro, whose advanced secure software solutions are already deployed by leading financial, transportation and governmental organizations across Europe.

"We are very excited to become the representatives of Jetro Platforms in Italy," said Luigi Franzini, President of Valuetech Group. "The business potential for Jetro's advanced solution in Italy is huge and we already see a lot of interest from some of the leading local corporations". Together we are confident we can expand our activities and increase sales volume across the complete product portfolio," said Franzini.

As Jetro's representative, Valuetech Group will be in charge of promoting Jetro's sales and distribution activities throughout Italy. Jetro solutions consist of Jetro COCKPIT®, a comprehensive server-based computing (SBC) solution; COCKPIT-On-Key™, a unique, portable variant of its SBC platform; and Jetro COCKPIT2i™, the world's first Server-based Web Browser that provides 100% safe Web access by keeping all active web traffic outside of the organizational network.

"Jetro is an innovation leader with a proven track record in Italy," said Stefano Corona, CEO of PROJEST srl (Building Solutions) one of Jetro's resellers in Italy. "Having local representation will help us to provide better and faster service to our Jetro customers."

"As we expand into new territories it is important for us to also maintain local representation," said Giora Shaked CEO of Jetro Platforms. "Valuetech Group has in-depth knowledge of the local market so we can continue to maintain good contacts with relevant distribution channels related to the Telecoms, Utility and Banking sectors. These core competencies will assist us in penetrating new customers and strengthen our overall position in the European IT market." "According to a recent report by Forrester (European IT 2008 Market Outlook,
